A long time in coming but a huge thank you and an update on our amazing dog Ziggy purchased from you in 2011. He is the most amazing dog ever, he is my girls best friend and my companion. He has moved to Turkey with us, integrated with our other dogs there and we have since moved to the US with Ziggy of course. We couldn't imagine life without him... as far as his manners go I am always the envy of everyone with him, his breed always gets people stopping and complimenting his look. Thankful we have never needed his special training but he is a calm watcher and I am sure if we were to be unfortunately in a situation he would be there as he is bold and fearless... not in a reckless way. Best Regards to you all there and keep up the good work.
